Plan Open House At NIKE Base to Mark Armed Forces Day

To mark Armed Forces Day Saturday, May 18, the NIKE installation in Orland Park is holding open house for the civilian public on Saturday and Sunday, May 18 and 19, from 10 a.m. to 5 p.m.

"Power for Peace" will be demonstrated to the public as they view living quarters of the personnel and the functions and procedures of the NIKE base are explained.

An honored guest on Saturday, will be Earl Eisenhower, of LaGrange, brother of President Dwight Eisenhower.

The NIKE base in Orland is the headquarters of the 13th AAA Missile and Bravo Battery.

In touring the base the public will have the opportunity to examine equipment and clothing.

Frankfort Methodist Church To Present Centennial Pageant

May and June have been designated as centennial months in the Frankfort Methodist church, according to Jack Ewing, co-chairman of the centennial committee. The official organization and erection of the first Methodist church building are dated 1857.

The official centennial observance was actually initiated in November 1956 with the ground breaking for the new Frankfort Methodist church building, Mr. Ewing said, but an intensive observance is planned for May and June.

V.F.W. Post to Hold Carnival in Mokena June 6, 7, 8 and 9

The William Martin VFW post is sponsoring a carnival to be held near the VFW hall on Wolf road, Mokena, June 6, 7, 8 and 9.

Post members are now selling tickets for the seven rides. These will be available at reduced prices up to June 1.

The Mokena Fire department and other community organizations will operate concessions on the grounds.

The newly elected officers of the William Martin VFW post will be in their respective stations at the meeting tonight.

Commander Clarence Zugenbuehler asks that all members try to attend as a great deal of help is needed to make the carnival a success.

The usual Friday evening games will be held in the Post clubrooms until further notice.

Mokena Police Seize Two Boys as Burglars

Two Mokena youths, high school students, are facing hearing in the county court of Will county as a result of a series of crimes that include burglary, larceny and arson.

The pair, Thomas Miller, 15, Hamilton road, and James Haislet, 14, of 173 Anna st., after spending several days in the county jail, have been released to their parents who are to produce them in court next Thursday, May 16.

Mokena Police Officer James J. Smetana whose investigation of the series of burglaries finally led him to the pair, says Miller and Haislet have admitted stealing more than \$250 in cash besides some rings and other articles.

The two boys were considerably chagrined over their capture. They were quoted as saying that they believed they were embarked on a series of perfect thefts and their technique would be too much "for any dumb cops" to cope with.

As a matter of fact, investigators pointed out, the two were guilty of bungling tactics and might just as well have left a note saying "This job was done by a couple of boys."

Smetana was putting things together and the trail finally pointed to Miller and Haislet. They clinched it by furtive movements and when Smetana started to intercept them Thursday morning they fled.

They had also run the night before. Later they tried to steal a car at the Park View Baptist church. Mrs. Arthur Contois, wife of the pastor, and the owner of the car, Mrs. Claudia Fair, 266 E. Front st., pursued in the Contois station wagon. After a fast run the boys swung off Wolf road at 195th st. Mrs. Contois was unable to negotiate the turn but she stopped and seeing that the Fair car was halted took up the chase on foot. The boys escaped on foot and took refuge in a house under construction in Brightwood.

When Robert Fredin, the builder, arrived at the house in the morning he found that a fire had been set and the floor was smoldering. The boys are alleged to have admitted setting the fire just before they left, apparently from an urge to destroy something, just like they slashed the seats of a pickup truck they tried to steal Wednesday night, when they couldn't start the vehicle. The truck was the property of the New Lenox Lumber and Hardware Co., and was parked in the drive at the home of an employee of the firm, Henry Shevlin.

It was after they failed to steal the truck that they stole a car at the church. They had intended to go away and make their home in the north, they said.

Miller was bagged by Officer Smetana Thursday morning but Haislet got away. Later in the day Haislet was apprehended. Both youths had been reported as missing by their parents Wednesday night.

Haislet had \$107 hidden in a tree back of Miller's home but Miller didn't know it was there. Miller had his part of the loot hidden in a tile under the Rock Island track. He had \$131 in cash.

The boys said they stole \$130 at the Theodore Bouschel residence on Scott street in February but the Bouschels told Smetana that they didn't think their home had been entered and that if it had not more than \$10 or \$20 was taken. Investigators believe the boys broke into the Mokena grade school in March. Approximately \$113 was taken at that time. The boys deny breaking into this school or into the Willow Crest school about 10 days ago.

They are alleged to have admitted, entering the Adolph Steen home at 32 E. 3rd st., April 19, and the Fred Mager

Arrest 2 Mokena Girls in Joliet As Shoplifters

The two 15 year old Mokena high school girls who were arrested by Joliet police Saturday on charges of shoplifting are to get another chance.

It was their first offense, according to investigators, and indications are that they will escape court action pending good behavior.

The pair told Joliet Juvenile Officer Audrey Meade they embarked on their criminal escapade Saturday in order to be acceptable for entry into a group of girls at school. These girls, the two said, have all engaged in shoplifting and would have dubbed them "chicken", apparently a name they dreaded more than thief.

The girls have implicated others and their names are known. Authorities are taking steps to break up this gang.

At the request of authorities The News-Bulletin is withholding the names of the shoplifters for the present. A second violation, it was stated, would result in court action and attendant publicity.

The girls arrested Saturday left Mokena by train at 2:13 o'clock that afternoon. Arrived in Joliet they began a tour of stores. Articles stolen included two diaries, a purse, phonograph records, a girdle, scarves, handkerchiefs, a blouse, other articles of apparel and cosmetics. They were detected stealing lip stick. Police were called and the pair placed under arrest.

The girls were released to their parents but are to report at the Joliet police station Saturday for further interrogation and admonition by Police Chief Joseph Trizna and Officer Meade.

Suffers Severe Injuries in Fall From Ladder

Walter Schoeneck, 55, of 121 Wolf road, Mokena, is in Silver Cross hospital at Joliet, suffering from a basal skull fracture a broken collar bone and a broken shoulder and some broken ribs, as a result of a fall from a ladder at the Hunter Foundry, where he is employed as a maintenance man. The left lung was collapsed by the fall.

It was estimated that he fell 10 or 12 feet, landing on a concrete floor.

The accident occurred sometime after 3 o'clock on Wednesday afternoon of last week. An ambulance was sent for immediately but it was more than half an hour before Mr. Schoeneck was taken to the hospital.

He remained unconscious for several days and was under oxygen until Monday of this week. Mr. Schoeneck is conscious now but he is kept quiet and is not allowed to be disturbed.

His condition is reported to be somewhat improved.

Let Contract for Homer School

A contract for the building of the new Homer consolidated school has been awarded by the board to Havco, Inc., of Bensenville for \$106,750. Work on the project is scheduled to get underway this week, according to Russel Lauffer, president of the board.

There were eight bids submitted and the highest was approximately \$14,000 higher than that of the Bensenville firm. Before the contract was awarded last Friday night the board investigated the Havco firm and was satisfied. The president of the company, Charles Bobas, said every effort will be made to have the building ready by next fall.

As planned five classrooms will be completed with space for three more that will be finished as needed; a small kitchen office, first aid room, teachers' room, furnace room and toilet facilities.

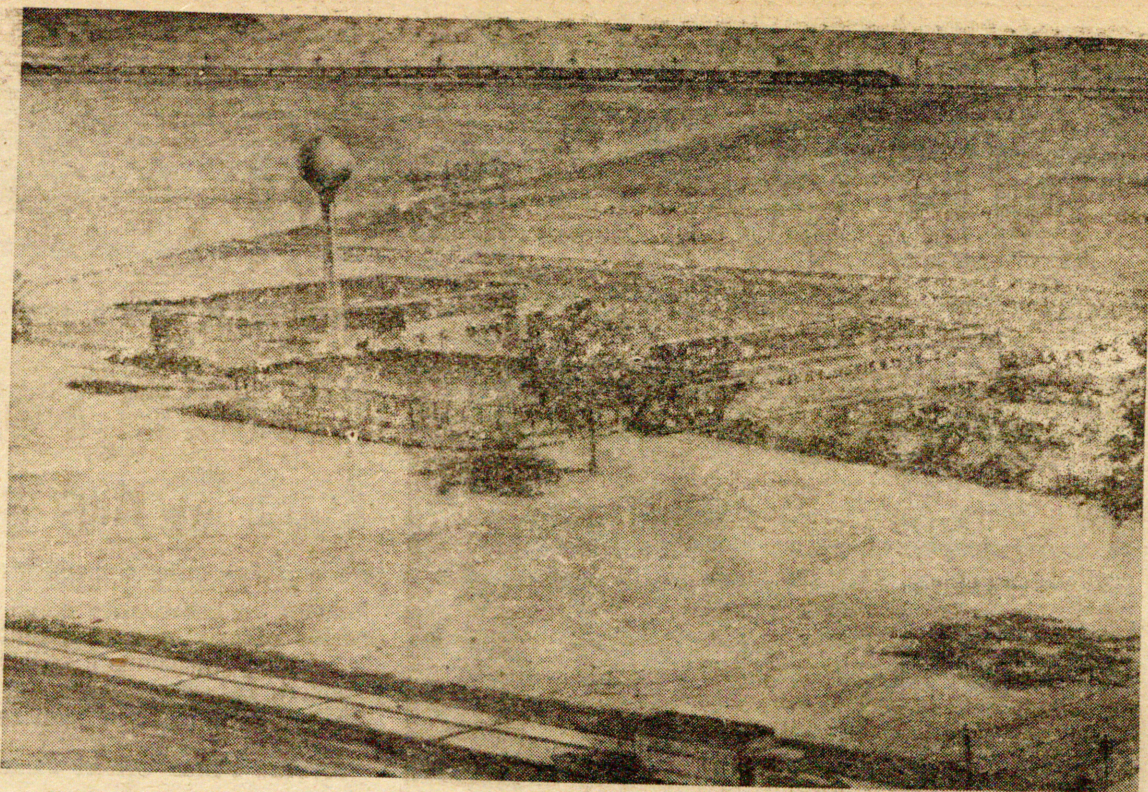

The heating arrangements will be such that they can serve additional space later if needed.

People of the district voted bonds in the sum of \$130,000 for the project. Besides the building, the cost of the site, a well, architects' fee, landscaping and permanent furnishings will come out of the bond money. The site cost \$3,000, the architect's fee is \$4,239. The other costs are not yet available but will be announced when they are.

The site is a five acre tract and the board has an option on four adjoining acres that will run for four years.

Kruegel, Wilkins, Healy, and Moore, of Joliet, are the architects. The building will be of brick and block construction, similar to that of the new Mokena school.

The school will serve eight grades.

More than 52,000 Americans were injured in car bicycle mishaps in 1956.

Sing a Spring Song with Citrus

In the spring a young woman's fancy lightly turns to thoughts of slimming down, doesn't it—in order, of course, to meet the conditions of the original rhyme! Nothing fits this good thought better than salads which furnish plenty of nutrients and few calories.

The grapefruit in season now are so sweet no one will ever miss sugar, and the Valencia oranges which Florida harvests this time of year are easy to section and seedless, so they're ideal for salads. Add cottage cheese, cool cucumber slices, scallions and radishes for color and crunching eating, and a tangy low-calorie French dressing. Save your grapefruit shells to make pretty little flower holders.

Low-Calorie French Dressing

Blend $\frac{1}{2}$ cup water and 2 teaspoons cornstarch; cook, stirring constantly until thickened. Remove from heat; add $\frac{1}{2}$ cup Florida grapefruit juice, 2 tablespoons salad oil, $\frac{1}{4}$ teaspoon salt, $1\frac{1}{2}$ teaspoons sugar, $\frac{1}{2}$ teaspoon each paprika and dry mustard, $\frac{1}{4}$ teaspoon Tabasco and $\frac{1}{4}$ cup catsup; beat until smooth. Add peeled clove of garlic. Shake before using. YIELD: $1\frac{1}{4}$ cups.

Chicago Flower Show Will Open Next Wednesday

The 23rd Chicago Flower Show school, the second course will be held in Fullerton hall, Chicago Art institute May 15, 16 and 17. It is being sponsored by the Garden Club of Illinois Inc.

VFW Auxiliary

The new president, Mrs. Helen Murphy, presided at the VFW Auxiliary meeting last Thursday evening. It was voted to contribute \$15 to the cigaret fund for Mothers and Fathers Day to the veteran's hospitals in the state.

Mrs. Floyd Williams, Poppy chairman, stated that May 24 has been scheduled to sell poppies in Mokena. All members are asked to help and should call Mrs. Williams at Mokena 4111 for more information.

The regular card party will be held Saturday evening, May 18. The committee in charge consists of the Mesdames Murphy, Gordon Doctor, Fred Stein hagen and Williams.

Mrs. Josephine Benson and Mrs. Bertha Ziesmer were named delegates to the 5th district convention to be held at the Loy al Order of Moose, 70 N. State st., at Elgin, May 18 and 19.

The department encampment will be held in the Conrad Hilton hotel, Chicago, June 14, 15, 16. Mrs. Murphy and Mrs. Lucille Long were named delegates.

The Auxiliary members will be in charge of the refreshment stand at the carnival which the Post will conduct June 6, 7, 8 and 9.

Ladies Bowling Banquet

The banquet for the closing of the season was held by the Mokena Ladies bowling league last Wednesday night at Cavallini's restaurant in Midlothian with 33 present. Corsages were presented to each one present.

Following the banquet awards were made. To their sponsors

of the winning team, the Welsch Lumber and Supply company, the league gave a trophy, and Neatus Wilson, manager of the bowling lanes, presented trophies to each member of the winning team. They are Joyce Cummons, Lillian Marti, Angie Surovick, Marion Raffauf and Carol Dina.

The league awarded pins for those bowling 200 points or over, and pins were also given to Marilyn Yunker for high series and to Nona Muehler for high game.

Games were played in which prizes were given to the winners.

Mrs. Harold Warning was hostess to a demonstration party in her home recently.

William H. Mikesell of 17071 Forest View drive, has been promoted to supervisor of Quality Control for the Minnesota Mining and Manufacturing Co. Mr. Mikesell holds a chemical engineering degree from the University of Illinois.

Mr. and Mrs. Mel Keup have returned from a motor trip to Texas. The latter's mother returned with them and will visit here for sometime.

Mrs. Harry Schmidt entertained members of the executive board of the Woman's Society of Christian Service, Methodist church at her home for luncheon last Tuesday.

Mr. and Mrs. George H. Dodson celebrated their 25th wedding anniversary April 28 with a dinner dance at Sanger ballroom for 100 guests. A three tier anniversary cake centered the honored guest table. The Dodsons live at 16839 Sayre ave., Tinley Park.

House guest of the John Jankauskas', 17626 Hermine ave. was Mrs. J. R. McArthur of Mumfords, Ala. This was her first visit "up north" and Mrs. Jankauskas, who is her niece, enjoyed showing her many points of interest.

The Helping Hand 4H club recently completed activities connected with electrical appliances. To compliment this project, the group with their leader, Mrs. LeRoy Bauman, assisted by Mrs. William Stelter toured the manufacturers of Universal Equipment, Landers, Frary and Clark located in Chicago. They also inspected the Sunbeam equipment at Commonwealth Edison Co. Many demonstrations were observed in the houseware department of Marshall Field and Co. as they concluded their outing.

Tinley Girl Scout News

Troop 507

Intermediate Girl Scout Troop 507 with their leader Mrs. Walter Zawadzki assisted by Mrs. A. P. Manel concluded second class requirements at their recent cookout at Tinley Creek woods. The 24 girls are now working on roller skating, homemaking

and child-health badges. This troop sold the record amount of 53 cases of Girl Scout cookies during the cookie sale last month.

Troop 460

The members of Brownie troop 460 had eagerly anticipated a cookout breakfast Easter Monday, April 22. However, the weather man dampened their plans but not their enthusiasm.

Their breakfast became a cook-in instead of a cookout, but the quantities of bacon eggs and cinnamon toast consumed were a testimonial to the success of the morning. Their leaders, Mrs. Sidney Feiwell and Mrs. Stanley Sterkowitz are planning another outing when the weather permits.

Earlier in April, the entire troop rehearsed Cynthia Daniels in her Girl Scout promise, laws, etc., preparatory to her fly-up into intermediate troop 283. She was presented with a handbook and given a rousing send off by her troop mates. At the same time Carol Ann Sterkowitz became of age and was welcomed into the troop.

Troop 283

Intermediate troop 283 under the leadership of Mrs. Raymond Anderson and Mrs. Harry Verwey, has been studying the basic skills for a cook-out. They have completed some unusual sit-upons made from Walltex.

The troop welcomed their new member, Cynthia Daniels.

Mrs. Lawrence Weidner spoke about International Friendship and discussed scouting in England. She also showed her collection of coins and many interesting pictures of England.

Saturday evening the Percy Jochums, and Mr. and Mrs. Joe Andres attended a family dinner in Blue Island in honor of Mrs. J. L. Jochum's 80th birthday.

Mr. and Mrs. George Schultz observed their 57th wedding anniversary May 6.

The Rev. Glenn Ames underwent surgery May 1, at the Wesley Memorial hospital.

Mr. and Mrs. E. G. Johnson and daughters spent the weekend in Milwaukee with friends.

Sunday, April 28, was an important day for Grandpa Ben Bettenhausen as five of his grandchildren were confirmed in the Tinley Park Methodist church. Patricia Ann Smith, daughter of Mr. and Mrs. Claud Smith; Earl and Gerald Breitbarth, sons of Mr. and Mrs. Fred R. Breitbarth and Claudette and David Bettenhausen, son and daughter of Mr. and Mrs. Russell Bettenhausen, all of Tinley Park. The Fred Breitbarths entertained at their home not only to honor the confirmants, but also to celebrate the

16th birthday of their twin sons, Robert and Richard. Present for the festivities were Grandpa Bettenhausen, Mr. and Mrs. Donald Breitbarth of Oak Forest, Mr. and Mrs. Wayne Breitbarth of Midlothian, the C. A. Smith family, and Mr. and Mrs. Paul Bettenhausen and daughter Kim, all of Tinley Park.

Mrs. Walter Zawadzki has made arrangements for the Tinley Park Garden club to have lunch at Nielsen's restaurant, 79th and Western ave., Chicago and then tour the Garfield Park Conservatory. The Garden club members will meet at Mrs. Catherine Werth's home at 11:00 am. Thursday May 16.

Mr. and Mrs. Edward York, of 6621 Riverside drive, are parents of a son, their first child, born Sunday May 5, in St. Lukes hospital, Chicago. He has been named Edward and weighed 7 lbs. 4 oz.

Court Ruling Puts \$3-million In State's Till

Attorney General Latham Castle last week wound up litigation of over three years duration by advising the state treasurer that the more than \$3-million in retailers' occupation (sales) taxes on coal sales to utilities companies, held in a protest fund, can now be released and placed in the state's general revenue fund.

The sales tax on such sales of coal to utilities companies approximates a million dollars a year.

Castle's action was based on an order handed down April 9 by Judge DeWitt S. Crow in Sangamon county circuit court in a suit brought by the Key Coal Company and other coal firms. These companies contended that coal sold by them to utilities companies for conversion into electricity is not subject to state sales tax. Such sales of electricity, the companies contended, are actually re-sales of the energy contained in the coal.

Judge Crow's order dismissed the suit and dissolved the temporary injunction by which the sales taxes on such coal sales were placed in a protest fund.

The Key Coal Co. case is a companion case to that of the suit brought late in 1953 by the Farrand Coal Co. and other firms. In this case, the supreme court upheld Attorney General Castle's contention that such sales of coal to utilities companies are subject to the sales tax.

When Lieutenant Alfred A. Cunningham received orders for duty involving "land flying" on June 1, 1916, he became the first Marine Corps aviator to be assigned this type of aviation training.

\$750 LOST from your estate

If you neglect to reserve crypts in the community mausoleum planned for St. John's cemetery, Mokena, Ill.

Even if you now own lots, \$750 to \$1500 is the normal difference between two crypts and the amount your heirs will feel obliged to spend for cement vaults and monuments.

Centuries in the future the community mausoleums will be the outstanding memorials to the more progressive people of this age, as they are built only large enough to accommodate those who have subscribed for crypts.

Building by subscription, in advance of need, is the only method whereby mausoleum entombment can be obtained at a cost less than average ground burial. If you desire to literally become a part of this memorial you must subscribe now.

Conference Opens Baseball Tourney

Tournament Will Enable Teams To Make Up Rained-out Games

By FRED KIESLAR

A baseball tournament — a double-elimination affair — has been set up in the Southwest Suburban conference to enable members schools to make up regular scheduled league tilts that were rained out in April.

Lincoln-Way is still in, having lost one and won one. The Knights lost to Oak Lawn 6 to 5 in a tournament tilt played there last Thursday, May 2, and shut out Carl Sandburg, 6-0 on Monday of this week.

A week ago Monday, April 29, the Knights lost free-swinging game to the Evergreen Park Mustangs, 15 to 12. That game was played on the Knights home grounds.

In the game last Thursday night, George Shannon and Bill Meuris of Oak Lawn each scored in the first inning on a fielder's choice and a triple by Meuris brought him home for the first tally. The Mustangs scored two more runs in the third after Shannon doubled, Meuris tripled and then came in on a miscue by the Knight's third baseman, Al Mager.

The Knights scored one run in the fourth and two in the fifth so the count was 4 to 3. The Evergreens' gained two more tallies in the sixth. L-W scored twice in the seventh and last frame on a walk by Jerry Haehnlein and a homer by Ron Fredin after two were out to make it 6 to 5 but was unable to knot it up.

In the game at Sandburg Monday the Knights pounded out eleven hits while holding the Eagles to four.

Dave Zechlin, who was on the mound for Lincoln-Way, fanned seven, walked four and at the plate banged out two hits. Sandburg used two pitchers, who between them struckout 10 and walked two.

F. T. A. News

The Abe Lincoln FTA was called to order by the president, Jackie McGinnis, on May 2. After the roll call and the secretary's report, the main item of business was brought up, the election of officers for next year. It was decided that all officers should be elected in the spring rather than waiting until the opening of school in the fall.

The slate of officers of the year 1957-58 is as follows:

President, Helen Sheridan, vice president, Barbara Rollings, Secretary, Peter Reinhard, treasurer, Tom Dunham; reporter, Margie Ardaugh and project chairman, Doris Smith.

DRIVER TRAINING

On April 30 Supt. A. Hunter Chapman presented Gordon Pontiac Co. with a plaque in recognition of distinguished public service.

The firm received this award for supplying a driver training car to Lincoln-Way for the 1956-57 school year. The plaque was provided by the Chicago Motor club, which promotes the driver training program.

BUYS PANCAKE TICKET — Shown above is Mayor James Marti buying the first tickets for the Mokena Lions annual Aunt Jemima Pancake Day to be held in the V.F.W. hall Saturday, May 25. of the Club, praised the company for aiding in this vital work. He said, "This firm's contribution to improved motoring safety cannot be overemphasized. The young folks who were given training in these cars are now safer, more competent drivers, at a cost per student less than the expense of repairing a single crumpled fender."

Since Illinois and Indiana driver training was started in 1946, dealers have supplied cars in which thousands of students have benefited from behind the wheel training. It is the second consecutive year in which Gordon Pontiac has furnished cars for this purpose.

To assure a continued supply of qualified instructors for the driver training program, the Chicago Motor club conducts teacher seminars at colleges and universities in Illinois and Indiana. The Club negotiates with local automobile dealers for the assignment of cars to schools which have experienced instructors, and furnished visual aids such as movies, pamphlets, and posters.

Records show that students who have taken a course in driver education have a far lower accident rate than students in the same age groups who lack such training. The result is that property damage through out the United States has been reduced by hundreds of thousands of dollars annually, and safety experts estimate that 2,000 lives have been saved since the inauguration of the driver training program.

The success of this program has been greatly enhanced by support of the new car dealers. Last year they supplied 8,079 cars, valued at \$16 million, to the nation's high schools.

STUDENT COUNCIL

The week of April 28 to May

4 was proclaimed student council week. Each day was given a theme starting with Sunday, April 28, as "You and Your Church." Monday, April 29, was "You and Your Home." Tuesday April 30, Lincoln-Way's student council observed the theme "You and Your School" by presenting for the students a special student council meeting.

Members of the student council committee visited various grade schools on Wednesday, "You and Your Community" day. They acquainted the next year's freshman class with the work that the student council does at L-W.

Beverly Jones, senior member of student council and winner of the Good Citizenship award, presented her essay on citizenship as part of Thursday's topic, "You and Your Country."

The last topic for the week, "You and Your World" was observed on Friday, May 3, with students contributing money for CARE packages.

VISIT MEDICAL SCHOOL

Students of the Lincoln-Way high school accompanied the head of their biology class, Geo. Abrahams, on a visit to Chicago medical school during national medical education week observances on April 22.

The students saw live demonstrations of various medical research tools and scientific instruments. Among the demonstrations were the electromyograph, in which currents generated by active muscles of the human hand are seen and heard.

Also, the ballistocardiograph, which demonstrates the "recoil" of the heart as it ejects its blood, and the resulting movements of the body. Another, the electroencephalograph, which shows how brain waves are generated while a subject rests, thinks and sees. The phono-

cardiograph and the electrocardiograph, with amplification of heart sounds and generation of the electric currents of the beating heart were also demonstrated.

In addition to the live demonstrations, techniques of making three dimensional microscopic preparations were also illustrated.

STYLE SHOW

The annual May Style Show, presented by the Homemaking classes of Lincoln-Way, was viewed by a capacity crowd in the school cafeteria Wednesday night. The show, "Campaign for Fashion," followed the pattern of a political convention with each guest given a campaign button and urged to rally for more attractive wearing apparel.

Karen Wade served as convention chairman assisted by these girls with their platforms: Beverly Mundt campaigning for better school clothes; Caryle Struthers advocating simple dresses; Shirlee Guth running on the platform of more attractive attire for street and church.

Other categories campaigning were Judy Schofield for jumpers and suits; Joyce Anderson for sportswear; and Margie Tomany for weskits and aprons, (all made in the Practical Arts classes); Willa Schroeder, for night and miscellaneous wear; and Carol Borchardt for dressy dresses.

Sheriffs Oppose Plan to Double State Police

The Illinois Sheriffs' Association is preparing for an all out fight to prevent Gov. Stratton from adding 500 more men to the Illinois state police force.

The Association, thru its legislative and executive committees, meeting at the Abraham Lincoln hotel last week, voted unanimously to oppose in its entirety House Bill 626 which provides for hiring the 500 state police officers.

The association, however, strongly favors salary increases for the present staff of 600 state police officers and is of the firm belief that if the present force is used for highway patrol as originally intended, it will be strong enough in numbers to do an effective job of stopping the current highway carnage.

The committees authorized State Treasurer Elmer J. Hoffman, secretary treasurer of the ISA, to release the association's action. Hoffman said that association representatives from every legislative and senatorial district in Illinois were present at Monday night's meeting.

Hoffman said that the sheriffs are opposed to any increase in the state police force because:

1. The state police are infringing on the duties of the county sheriffs.

2. The present state police force should be given salary increases comparable with today's cost of living.

3. The cost of employing 500 more state policemen, reported at more than \$7 million over a two year period, is out of line because the present force is not being utilized to the full extent of its facilities.

4. If there is such money available, it could be put to a more advantageous use by allocating it to the various counties of the state earmarked for law enforcement. The association feels that the sheriffs and municipal police officials, thru personal knowledge of problems in their respective areas, are in a much better position to provide closer supervision of the men under their jurisdiction.

5. The bureau of criminal identification and investigation which has been of valuable assistance to county sheriffs and other local law enforcement agencies should be provided with the funds, equipment and manpower to perform this service more efficiently.

Tinley Park PTA Gets Special Magazine Award

It was revealed at the Tinley Park PTA meeting held May 3 in the Tinley Park school, that the local PTA received a special magazine award at the state convention held recently, for being first in the council, district and 17th in the state. Mrs. Rose Barton, chairman, received the award.

New officers were installed by Mrs. Hal Kent and Mrs. Walter Fierke, the latter being president of the Southwest area PTA council. They were:

Mrs. Elmer Knudsen, president; Mrs. Kenneth Schmudde, vice president; Mrs. Walter Goldstrom, secretary and Mrs. Fred Best, treasurer.

The room count of parents for the evening was awarded to Mrs. Florence Phillip's room and a tie for the rooms of Mrs. Laverne Hall and Mrs. Helen Lembke in the Bert Fulton school.

The Boy Scout troop presented the colors at the opening of the meeting and the Rev. William McDowell, pastor of the Church of Christ gave the invocation. It was announced that a round table school of instruction for chairmen will be held May 28 in the Forest Ridge school at 8 pm.

Bremen Twp. Leads South Cook Areas in Building Activities

(C N S) — Bremen township, months which usually keep building activity down.

In March, the county issued 425 permits for construction with an estimated total value of \$6,312,922. This compares with 188 permits and \$2,287,206 valuation in February and 180 permits and \$2,278,346 valuation in January.

The county building and zoning department issued 109 construction permits for such areas in Bremen township in the first three months of the year. Value of the construction totaled \$1,869,723—highest in the county. However, Stickney township is the leader in the permit race with 135 posted.

Permits for Bremen township totaled 5 in January, 6 in February and 98 in March.

Worth township, with 35 permits for unincorporated areas, is second in south Cook county. Total value was placed at \$404,700. Totals for each month in order, were 12, 5, and 18.

Following are the south county standings.

Twp.	Permits	Val.
Bremen	109	\$1,869,723
Worth	35	404,700
Palos	29	364,591
Bloom	29	330,433
Thornton	12	133,044
Rich	9	85,672
Orland	6	226,553
Lemont	5	124,300

Bloom township managed the tie for third place by posting 15 permits in March against 14 that month for Palos township.

Bloom township had 14 permits in January and none in February. The respective totals for Palos township were 7 and 8.

The monthly permit breakdown for other townships in order: Thornton, 3, 2 and 7; Rich 2, 1 and 6; Orland 0, 1 and 5; and Lemont, 1, 1 and 3.

The tabulation was compiled from monthly figures reported by the county. These gave no breakdown, as to how many were for residences, sanitary sewers, septic systems, or other construction types. However, the county said the majority were for residents.

Countywide, building construction in unincorporated sections picked up in March after getting off to a slow start in January and February—two winter

ton, delegates to the recent state convention reported on its activities. Also attending the convention from this PTA were the Mesdames Kenneth Schmudde, Walter Goldstrom, Fred Best, Elmer Knudsen, Hal Kent and Walter Fierke.

First grade mothers were hostesses and eighth grade mothers conducted the bake sale.

A collection was taken at the meeting for the Tinley Park Library fund.

Blue Island Lions Invite Nearby Towns to Join in Celebrating 4th

Wide participation in the 11th annual July 4 celebration to be sponsored by the Blue Island Lions club is sought.

"Any organization or individual who would like to compete in either senior or junior parades will be welcome," says Dr. Leslie O. Damm, 2615 York St., Blue Island, general chairman.

"Write me or phone FULTON 5-1143 for detailed information," he urges. Last year there were more than 100 entries in the senior parade and nearly as many in the junior one.

James P. Rigoni, 12807 Greenwood Ave., Blue Island, is senior parade chairman, while Dr. Carl J. Kinell, 12130 Western Ave., Blue Island, is junior parade chairman.

There will be trophies for winners, plaques for the best beyond first place in the

senior parade divisions of professional floats; amateur floats; marching units; decorated cars and trucks.

There are trophies for the first five places in the junior parade division of neighborhood groups; decorated floats; decorated doll buggies; wagons; bicycles; costumes and pets, as well as marching units.

Nearly half of the \$5500 budget will be spent on a glorious fireworks display in the evening, Dr. Damm says.

Cows and other farm animals often have to fight internal parasites for the good in every morsel of food they swallow unless the parasites are controlled, says a veterinarian at the University of Illinois.

My Mother's Hands

(Written by Mokena girl when she was in high school and is appropriate for Mother's Day.)

As I have always been conscious of people's hands and like to judge what kind of a person they are by them, I have chosen my mother's to write about, for as long as I can remember, it has been them that have guided me, more than any others. To me they are filled with many characteristics, expressing differently the qualities of her personality. They are not the lily white sophisticated type, yet they are neat in appearance. They express their love, in the manner in which they iron the ruffles on my blouses, and the friendly, warm wave which lets me know everything is fine. The courage they radiate in their strong, confident clasp when all seems to go wrong, is most typical. Then there is the poise they express, especially in church, as she folds her hands to pray, and when she holds her Bible. Also the culture they represent is shown when she plays the piano, and holds her teacup. They express her skill when handling sick people and giving them first aid, also as she creates symbols of art. Then there is the time they express romance. I notice this particularly by the way in which she wears her rings, her wedding ring on her left hand and various ones which are meaningful to her on her right hand. I also have noticed them when they shook with fear, maybe over the reason that the weather was nasty and my Dad hadn't arrived home yet. They also express anger, by the twitch of her finger, and also by the rather powerful stomp, with which I am most familiar. These are just a few of the characteristics which they represent, but they are the ones which I notice everyday.

Floods at Pontiac Damage Home of Wright B. Woods

Mr. and Mrs. Wright B. Woods of Pontiac, former residents of Marley and Frankfort where they farmed before moving to Pontiac where they built a new home, had quite an unpleasant experience recently.

During the recent rainy season, the Vermillion river near their home overflowed with the result that 4 inches of water covered their living room floor and a foot of water was in the utility room.

The Woods think all the floors in their home will need to be replaced. They have lived in Pontiac a little over a year.

DEDICATE NEW TINLEY BAPTIST CHURCH SUNDAY

Dedication services of the new \$25,000 church building of the First Baptist church of Tinley Park will be held at 2 p.m. Sunday, May 12. The Baptist church was organized here three years ago. The pastor (left) is the Rev. C. Earl Finney. He and his family moved into the parsonage at 17712 - 66th Court in July of 1955. The same year the present church site was purchased and ground broken for the new building. Since 1956 the congregation has been holding services in the educational unit until the main edifice was completed. John Curlee was chairman of the building committee. The public is invited to attend the dedication services. Refreshments will be served following the 10:45 a.m. service.

An exact description of the tract of property, together with a map to show its boundaries, has been made a matter of record and is now on file in the Office of Secretary of the Board of Education for public inspection.

3. Shall the Board of Education of Community Consolidated School District Number 146, of the County of Cook, and State of Illinois, issue bonds of said School District, in the amount of Seventeen Thousand Dollars (\$17,000.00) for the purpose of purchasing an additional schoolhouse site in and for said School District, said bonds to be of the denomination of One Thousand Dollars (\$1,000.00) each, be numbered from 1 to 17, inclusive, and bear interest at a rate of not to exceed Four and Three-Fourths Per Cent (4-3/4%) per annum, payable semiannually from the date thereof until paid and become due and payable on December 1, 1976, provided, however, that bonds numbered from 1 to 16, inclusive, aggregating the sum of Sixteen Thousand Dollars (\$16,000.00) of said Seventeen Thousand Dollars (\$17,000.00) of bonds shall be redeemable prior to maturity at the option of the School District at par and accrued interest, serially, and in the order in which they are numbered, One Thousand Dollars (\$1,000.00) on December 1 of each of the years 1960 to 1975, inclusive or on any interest payment date after said respective dates?

4. Shall the annual tax rate for educational purposes of Community Consolidated School District Number 146, of the County of Cook, and State of Illinois, be established at 1.25% upon the full, fair cash value of all the taxable property within said School District, as equalized or assessed by the Department of Revenue, instead of 1.11%, the maximum rate now applicable to the extension of such tax?

Note: The approximate amount of taxes extendible under the rate of 1.11% now in force, computed upon the last known full, fair cash value is \$115,719.84.

Note: The approximate amount of taxes extendible under the proposed rate of 1.25%, computed upon the last known full, fair cash value is \$130,315.14.

For the purpose of this elec-

tion, all of the territory comprising Community Consolidated School District Number 146, Cook County, Illinois, has been declared to comprise one election precinct and the polling place for such election precinct will be located at the Tinley Park Public School Building, situated at or near the intersection of 173rd Street and 67th Court, in the Village of Tinley Park, in said School District, in Cook County, Illinois.

The polls at said election will be opened at 12:00 o'clock noon and closed at 7:00 o'clock P.M. Central Daylight Saving Time, on said day.

BY ORDER of the Board of Education of Community Consolidated School District Number 146, Cook County, Illinois.
DATED this thirtieth day of April, 1957.

Animal and Machinery Projects Play Important Parts in 4-H Work

Thousands of 4H boys and girls in the state are learning the better way to handle farm animals and farm machines. They learn the economic factors as well as safe tested methods in caring for cattle, hogs, sheep and the family tractor.

The 4H meat animal program now in its 28th year, gives rural youth firsthand knowledge of breeding, feeding and marketing. Club members learn demonstration techniques, how to show animals, and the fine points of judging. They show animals at state and county fairs, often assisting with other fair events.

A half million members thru out the nation have been helped by participating in the 4H tractor program, while about 40,000 local leaders and extension workers have been trained. The program has been in operation for 12 years, and is set up to teach efficient use of tractors as well as other farm machinery. Skill in operation and proper care are taught.

Superior achievement is rewarded by public spirited donors. Thos. E. Wilson of Chicago has supported the 4H meat animal program since its inception. Awards include eight sectional winner trips to the national 4H Club Congress. Six \$400 college scholarships await the national champions for 1957.

Twelve national winners in the 4H tractor program also will receive \$400 scholarships. State winners get an expense paid trip

to the national Club Congress. The Standard Oil Foundation, Inc. Chicago, provides the wards for 4 H'ers in this state. The foundation cooperates with the Extension Service in leader training clinics and other tractor events, in addition to furnishing up to date educational material.

Further information regarding enrollment and requirements in both activities may be obtained from the local extension agent.

State to Use New Forms, Methods In Issuing Drivers Licenses

Secretary of State Charles F. Carpentier today announced that the drivers license division of his office will soon begin issuing drivers licenses on an entirely new form by means of automatic electric machines.

Secretary Carpentier said that with the issuance of the new type of license applicants will be assigned a permanent driver number which will be retained by the motorist, even upon renewal, as long as the driver is licensed in Illinois. The permanent number will establish a positive identification of the person to whom the license is issued.

New application forms, necessary for the proper handling of the license by an electronic data processing method, are to be used. One important item in the new plan calls for the applicant to fill out his full name on the form. In the past, it has been sufficient for an applicant to fill in first name, middle initial and last name. However, under the new system, it will be necessary to fill out the full first middle and last name.

Only legal names will be accepted. No license will be issued to person who gives an assumed name, stage name, alias or any other false designation.

Also of utmost importance is that the applicant give the correct date of birth. The permanent number will be composed of a combination of the name and birth.

The complete residence address must be filled in on the application. Post office box or general delivery addresses will not be accepted unless there are no street names and numbers in the town.

Application forms may be obtained by writing to Charles F.

Carpentier, Secretary of State, Driver License Division, Springfield, Ill. They may also be obtained from local driver license examination stations or from automobile license investigators.

THE most striking feature of Ottawa, Canada's capital city, is the Peace Tower of the Parliament buildings, which rises to a height of 293 feet above the carefully tended grounds of Parliament Hill, and dominates the whole city. Made in the form of a Campanile, it is built of stone from France, Belgium and Great Britain, to a height of 221 feet above the ground level. From this stone understructure rises a 72-foot reinforced concrete spire, covered with copper. The Parliament buildings adjoin the world famous Chateau Laurier on the banks of the Rideau Canal, overlooking the Ottawa River and are across the street from the United States Embassy buildings.

Christian Family Living Can be Fun, Says Author

By MARY REED NEWLAND
Author of
WE AND OUR CHILDREN
(Paulist Feature Service)

My husband and I live in Monson, Mass. Bill works for the highway department and I do some writing. But these are secondary jobs—our big job is to be Christian parents.

We have seven children: Monica, Jamie, John, Peter, Stephen, Philip and Christopher. We want them all to be spiritual-minded Christians conscious of their destiny as children of God and heirs of heaven.

One way we try to do this is to impress on them that they can find God in everything. For example, they can find God in the outdoors. Nature teaches children profound lessons about God. In nature they discover the signs of His genius and love displayed to serve and delight them.

I am amazed at the understanding the children show. One day one of them said, picking stones from a brook "See the stones God washed for me." Country life is rich in such lessons. But lessons are found in the city too—at the park, by the river, in the sky, at the beach, on the window ledge.

At home I find a lot of ways I can teach children about God. For example, blessing the bread before baking completes a work that both feeds and teaches. The children learn what Christ meant when He said, "You are the leaven." As the yeast lifts and makes the dough alive with its own life, so Christians must lift society with their love and service and make it alive with the Christ-life in them.

Teaching the children to pray is my greatest joy. With help, even very little children can learn to include in their prayers all four kinds of prayer: contrition, petition, praise, and thanksgiving. Christopher is three and likes to be helped to be sorry for his naughtiness, to ask for favors for those he loves, and to express his love for the "Holy Trinity living in my soul." His "thank you's" could go on all night. He especially likes to pray for the Communists "so they'll love God."

And after that comes the bedtime blessing. It is beautiful to see how important such a blessing becomes to a child. Even on evenings when things have not exactly been harmonious, each will come into my study where I write and ask, "Will you please give me your blessing?"

There are various ways of blessing. Mainly it is by saying, "God bless you, my child, in the Name of the Father and of the Son and of the Holy Ghost," adding perhaps some wish for them like, "May you have a sweet sleep, or a happy day tomorrow."

There are some of the things we do to solve the problem of raising children as Christians in a materialistic world. We have found that Christian family living can be fun.

Chicago Fights Fare Increase of Illinois Central

(CNS) The city of Chicago has gone to court against the recent 15 percent fare increase allowed the Illinois Central railroad by the Illinois commerce commission.

On file in Superior court, the suit seeks review of the ICC order authorizing the higher fares and also of ICC action in denying the city of Chicago's petition for a rehearing in the matter.

The ICC order of March 6 allowed the IC to raise its minimum fare from 22 cents to 25 cents and other fares by as much as 15 percent.

Chicago's court action was prepared by Corporation Counsel John C. Melaniphy.

Paul Revere was born on January 1, 1735.

The Ann Rutledge PTA meeting will be held May 13 at 7:30 pm in the school. There will be a panel discussion on "Recap of Years Accomplishments." Floyd Martin will be moderator.

Drive with care . . . everywhere!

come try
Chevrolet's new
Triple-Turbine take-off!

Sweet, Smooth and Sassy—that's Chevy! Model illustrated, the Bel Air Sport Sedan with Body by Fisher.

Turboglide is the first and only triple-turbine transmission! You can feel the difference from your very first take-off!

Just slip Turboglide into "D" for "Drive" and pay it no mind. There is no "Low" or other positions to worry about.

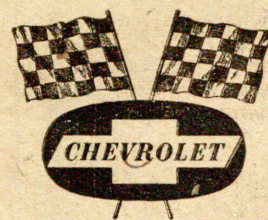

For this is the automatic with triple turbines. One for quicksilver starts from a standstill. Another for cream-smooth cruising. And a third turbine for passing

response that's safer all the way.

In GR (Grade Retarder) position Turboglide helps slow you down—saves your brakes on long, steep hills.

When you team Turboglide with Chevy's new Positraction rear axle, you've really got it made! You have surer, safer control on any road surface.

Last fall an insect survey indicated a high overwintering population of spittlebugs. Now is the time to control these pests. Treatment will pay if you find one insect to a stem. Use one and one-half pounds of methoxychlor per acre. Plants can be pastured two weeks after spraying.

A western giant has moved to the midwest. Grain sorghums have attracted considerable attention from Illinois farmers. Three circumstances probably account for this interest. Substitution of sorghums for corn under acreage allotment program, the creation of hybrid sorghums and the ability of sorghums to outyield corn in dry weather and on drouthy soils.

A new College of Agriculture Circular No. 774, discusses grain sorghums for Illinois. Copies of this publication are available free at my office.

Lush, succulent pasture is very palatable to dairy cattle, but high producing cows need some grain to prevent a loss in weight or a drop in production.

A mixture of corn and oats that will provide about 10 percent protein is a good grain supplement.

For the large dairy breeds feed one pound of grain mixture for each 3 pounds of milk over and above 30 pounds.

For jerseys and Guernseys feed one pound of grain mixture for each 2.5 pounds of milk over and above 20 pounds.

—o—
"The codfish lays 10,000 eggs,
The homely hen lays one,
The codfish never cackles,
To tell you what she's done.
And so we scorn the codfish,
While the humble hen we prize,
Which only goes to show you
That it pays to publicize."
—Lines by a Fellow Farm Adviser.

Band spraying pre emergence chemicals will reduce the cost of weed control, insure accurate placement of chemicals, and eliminate the chance of bad weather keeping you out of the field with the sprayer.

For more information on band spraying write for "Tractors and Machinery No. 6," "Equipment for Band Spraying."

This leaflet is available at my office.

To grow 100 bushels of corn per acre in Illinois approximately 20 acres inches of water are used during the normal growing season, much of which must come from moisture previously stored in the soil. Fine textured clays at field capacity will hold 0.5 inch of water per inch of soil, whereas loamy sands and sandy loams which contain less than 20 percent clay will hold only 0.1 to 0.2 inch of water per inch of soil.

Correct timing of treatments for corn borers makes possible 90 percent control. The death toll of borers hatched out on small corn is high and the closer the stalk is coming into tassels the greater the number of borers that live. To determine when to treat the tassel ratio index method has been developed. This is obtained by cutting the stalk where the main roots join and splitting the plant lengthwise. Dividing the height of the exposed tassel by the extreme extended height of the plant as shown by the longest leaf and multiplying by 100 gives the tassel ratio. Time for treatment is right between the ratios of 30 and 50, if 75 percent or more of the plants show fresh feeding in the whorls.

Of drivers in 1956 highway accidents, 96.7 per cent had more than one year's driving experience.

More than 96 per cent of vehicles involved in fatal accidents on U. S. highways in 1956 were in apparently good condition.

Refrigerator Health Guard in Warm Weather

(CNS) Dr. John B. Hall, Cook county health director, suggests that with warm weather coming on, now is a good time to see that your refrigerator is in top working order.

He warns that even properly prepared foods left unrefrigerated for short periods may spoil and become the source of food poisoning and infection. To prevent food poisoning, Dr. Hall suggests careful observations of the following rules.

See that before preparation, food is clean, wholesome and free from spoilage. Read and follow all directions on canned food. They are put there to protect you.

See that utensils in which food is prepared and served are clean and free of germs.

Do not serve custards and pastries, meat and meat products, milk and milk products, poultry or salads unless kept chilled until time of serving. Meats should not be cooked until just before being eaten.

Keep fingers out of foods and utensils.

Keep food protected against flies and coughing and sneezing.

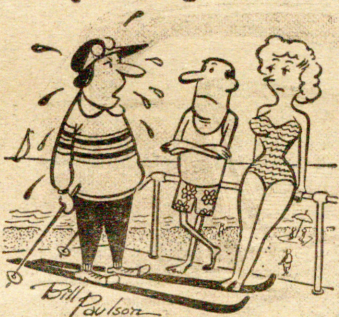

No one who has or is recovering from respiratory, gastrointestinal or skin infections should prepare or serve food for others.

"If these elementary principles of good food handling are followed," Dr. Hall said, "everyone will be able to eat, drink and enjoy foods knowing they are safe."

Male ostriches take their turn setting on the eggs to hatch them.

Pick Will County Talent for District 4-H Fun Festival July 8

The vocal number presented by Carolyn and Mary Kay Hartman, Sharon Kay Henderson and three boys from the Wheatland Prize Showman 4H club, a butterfly stunt presented by seven girls of the Troy Busy Chicks and the 4H Federation square dance set plus Mistress of ceremonies Vivian McMullin of the Plainfield Clever Maidens took first place honors at the 4H Share the Fun Festival held Wednesday evening, May 1 at the Pershing School in Joliet.

These members will represent Will county at the District Share the Fun Festival on July 8 at St. Charles, Ill.

The vocal trio presented by Genie Marcoux, Linda and Marilyn Matasovic from Frankfort New Lenox 4H club was chosen as the first alternate. Second and third alternates were an accordion solo by Nancy Klett of Joliet Plow Pushers and baton twirlers, Joyce and Jean Smith of the Busy Hour 4H club, New Lenox. Marlene Schwiesow from the Green Garden Sip N Snack is the alternate mistress of ceremonies.

All the above acts plus a flute solo by Sharon Robertson, Monnee Merry Maids and the Crete 4H Boosters Square Dance set received "A" ratings. Leon Reigel of Crete 4H Boosters was the caller for both square Dance sets.

Judges Jean Anderson and Dick Lucas, student teachers from Joliet township high school had their hands full picking the winners from the 44 acts. 131 4H members took part in the program. Approximately 200 parents and friends attended the fine events.

Our hats are off to all the 4H leaders, parents and friends backing and helping all these talented 4 Hers.

AT HILL TOP

New outdoor adventure is promised in the Randolph Scott action-drama "Seven Men From Now."

Scott, who is teamed with Gail Russell and Lee Marvin in the Color adventure story, opening Sunday at the Hill Top Drive-In Theatre, has been in the top ten in boxoffice popularity every year since 1950. Predestined for stardom because of his rugged good looks, athletic ability and his dramatic ability, Scott at all times looks the part of the western hero he played in such films as "Colt .45," "Riding Shotgun," "The Bounty Hunter," and "Tall Man Riding."

Film plays Sunday, Monday, and Tuesday, on a double feature program.

DOGGONE, WHEEL'S GONE — said Alan Coley, 31, of Harvey, driver of the truck that toppled sideways when the right rear wheel broke off Tuesday afternoon while enroute the state hospital at Tinley Park to deliver a load of concrete blocks. Coley was lucky that the truck didn't overturn as he was bowling along about 50 miles an hour when the wheel broke. Picking up the blocks was quite a chore. The accident occurred on 183rd street as Coley was approaching Oak Park avenue from the east. (Marvin Smith Photo)

Gas Company To Break Ground For New Plant

Will county civic leaders will join Northern Illinois Gas Co. officials tomorrow afternoon to break ground for the utility's new headquarters in New Lenox township.

Located on an approximate 20-acre site on Route 30 at Gougar road, the modern one-story masonry and glass building will provide about 20,000 square feet of space for sales, service, meter, stores and transportation activities for this area. Space also will be available for the gas company's southern division administrative operations.

Offices will be gas air-conditioned, according to R. O. Stauss the utility's division manager, and deep wells will furnish the building's own water supply.

Stauss said construction will commence immediately with completion scheduled for late this year. The new headquarters will replace present operating, meter and transportation facilities at the foot of Ingalls ave., east of Broadway, which has been a landmark for gas operations for many years. The new site will afford a more central location to service local area gas customers.

Temporary office space for other district and division activities is now located on the second floor at 904 Washington st., Joliet, at the company's new service office and store, 63 N. Chicago street, Joliet, where a three-day open house is now in progress.

Sunday May 12 Is Mother's Day

Sunday, May 12 is Mother's Day. The day was set aside by an Act of Congress in 1914 to honor motherhood and by some gift or act of regard, to express love for one's mother.

Anna Jarvis of Philadelphia originated this annual tribute to mothers following the death of her mother. It is always held on the second Sunday of May.

Hold Guessing Contest On Aunt Jemima's Arrival

Mayor James Marti, honorary chairman of Pancake Day, will be introduced to Aunt Jemima by Lion Everett Cooper in front of the VFW hall, Mokena Saturday morning, May 25. Mr. Cooper, as chairman of the contest committee, will click his stop watch as the introduction is made and this exact time will be used as the official time of Aunt Jemima's arrival.

This time is important to the children of Mokena for to the child who comes closest to guessing this time an award of five dollars will be given. All grade school children of Mokena may submit one guess as to the time of arrival together with the means of transportation used. This last is to help break ties. Additional guesses may be submitted for each \$1.00 of advance tickets purchased or sold.

This contest closes at midnight on Wednesday, May 22. All guesses should be sent or taken to the Mokena State Bank, care of contest chairman, Everett Cooper.

NEW BOARD—

(Continued from page 1)

Village Attorney Raymond Hoolehan and Village Engineer Robert Hamilton outlined the status of the sanitary project—a sewer system and sewage treatment plant—for the community.

Hamilton expects to submit final plans for both at a special meeting of the board scheduled for May 16. The plans will then go to Springfield for approval and after same is given the village can advertise for bids.

Under the terms of the agreement by which the village is to receive a \$69,000 grant from the federal government to apply on the cost of the sewage treatment plant, the project must be started by July 1.

In the meantime Hoolehan will be completing the necessary legal work, including taking title to the site for the treatment plant and preparing an ordinance covering a revenue bond issue needed to supplant the Blue Island issue of general obligation Adv.

bonds. This ordinance will also carry a schedule of rates for sewer and water service. The income from this source will be utilized to defray the maintenance and operating costs of the system, plus the payment of interest and principal on the bonds.

In connection with the project board members are now taking steps to obtain some four or five easements for sewer lines. Mr. Hoolehan pointed out that the proposed sanitary system will increase the value of all property in the village and because of that the amounts charged for easements should be nominal—\$1 to \$10.

Under present plans the treatment plant will be sufficient to take care of a population of 3500 Hamilton said and by adding tanks it could serve a population of 14,000.

The board also discussed the possibility of adding a new well to the water system at some future date.

The new mayor announced committees for the year: Fire and water, Westlund, Munch and Hostert; streets and alleys, Munch, Williams, Hacker. Licenses, Williams, Westlund, Hostert; public property, Hacker, Williams, Teague; police, Westlund, Hostert, Hacker; ordinances, Williams, Hacker, Hostert; claims, Teague, Munch, Hacker; building Munch, Teague, Westlund, Hacker. Finance, Teague, Westlund, Williams. Nuisances: Hostert, Munch and Teague. Fred Steinhagen was reappointed building inspector. The first named are chairmen.

Retiring from the board are, Mayor John Searth, who did not seek re-election and trustees David McMillan, Charles Burkhardt and George Bills. The latter was a candidate for mayor.

All of this loot has been recovered, Smetana said, plus a Masonic ring. The boys professed not to know where that ring had been taken.

The boys also admitted ransacking an automobile owned by Arthur Eggert and taking a pair of binoculars, a couple of

Across The Counter . . .

In Maryland, a motorist reported to his insurance company that his parked auto had been severely bitten on the fender by a horse.

Just a few days ago in Idaho a duck hunter reached in the back seat for his shotgun which was supposedly unloaded. It wasn't. The resulting volley tore a big hole in the roof of his brand-new 1956 car!

Elsewhere, a car owner reported to police some small holes in the glass of his parked auto. These proved to be from a BB gun.

And not long ago a lady hurriedly slid out of a car, but a buckle snagged the upholstery resulting in a large rip.

Now the point in reciting these true incidents is this: All these damage claims were paid for under the "Comprehensive" coverage of auto policies. Most people think of Comprehensive as being just for fire, theft and glass breakage. Actually as you can see. It is as its names implies "Comprehensive." It covers a wide range of occurrences.

Tuesday, May 14, at 7:30 p.m. the Woman's Society of Christian Service will hold a Mother-Daughter centennial party in the church basement. As its part in the centennial observance the Woman's Society will give a dramatic presentation of the women of the church thru its 100 years of history.

OUTLINES PLANS

The Senior MYF will observe the 100 birthday at its regular meeting May 26, at 7:00 p.m., as a part of the installation service for the newly elected officers.

The other organizations have also planned special programs, Mrs. Ewing noted.

The all church observance has been planned for June 7-9. It will include such activities as a Youth 100th Birthday party, Family 100th Birthday party,

LINCOLN-WAY PTG

Recently elected officers of the Parent Teacher Group of Lincoln-Way high school were installed at the regular meeting of the organization May 1 in the school cafeteria. Supt. A. Hunter Chapman was the installing officer.

Officers for the coming year are: Mrs. Clarence Lauffer, Tinley Park, president; Lorne Schleeter, Manhattan, first vice president; Mrs. Joseph Alexander, Mokena, second vice presi-

dent; Mrs. Don Anderson, New Lenox, secretary; and Glenn Schroeder, Frankfort, treasurer.

Elected to the board were Mrs. Thomas Hull, Mokena; Mrs. Clarence Wise, New Lenox; Mrs. A. C. Edmondson, Lincoln Estates; Mrs. Harry Landau, Frankfort and Mrs. Winsor Jones, Manhattan. Paul LaVinn will be the faculty representative on the board.

Mrs. Lauffer welcomed all members and guests. After the regular reports were given by the secretary and treasurer, Mrs. Lauffer reported on plans for the PTG dance to be given May 18 in the Lincoln-Way

gymnasium. Clarence Waldvogel, chairman of the ways and means committee, is in charge of the dance but was unable to be present at last week's meeting so Mrs. Lauffer made the report for him.

Decorations for the high school prom will be left in place for the PTG dance. Proceeds from this affair will be used to purchase a gift for the school. Tickets for the dance have been mailed out to all parents who have youngsters in high school. Additional tickets may be purchased at the door or from PTG members. Parents of children who will enter Lincoln-Way

next fall are especially invited as is the public.

A fashion show staged by the home economic department of the school served as the program portion of last week's PTG meeting. It was introduced by Lorne Schleeter. A brass sextet from the band played and Miss Kay Selzer sang. Also participating on the program were Karen Wade, Marilyn Schultz, Beverly Mundt, Cave Schumers, Shirley Guth, Judy Schofield, Nancy Schweitzer, Joyce Anderson, Marjorie To many, Willa Schroeder and Carol Borchard. Musical background was

Hazel Crest to Vote on Park District May 18

(CNS)—Hazel Crest will vote May 18 on whether to create its own park district.

County Judge Otto Kerner set the election date after approving a petition seeking organization of a park district to be known as the Hazel Crest Park District. Voters have the final say.

On the same day, voters will be asked to appoint five park district commissioners. Nine candidates already are in the field. They didn't wait long to get into the race. Their nominating petitions were filed with the county court Thursday, the

Law On The Farm

Is Local Government Effective?

We have had a Hoover Commission in Washington and many suggestion have been reported for the improvement of government at federal and state levels. Many of these recommendations call for farther centralization of functions, most often being hung on pegs called economy and efficiency. These pegs are worn and splintered from frequent usage, but neither has been broken. The wood is hard and durable, since economy and are usually desirable ends at any level of government. And if it takes centralization of powers and function to obtain those ends, there is little resistance from the voter and taxpayer so long as he retains a reasonable degree of personal and economic liberty.

We decry the dragons of federal aids and controls and in the next breath reason that only a power that is national can serve all interest. We moan loudly about social welfare being almost completely out of control both socially and economically because of federal aids and regulations; but the 'gimme' hand is outstretched, of necessity, to retrieve a small percentage of Illinois dollars sent to Washington. We have not the united fortitude to stand up and correct the mistaken belief that these aids are hand-outs.

With the power to tax goes the power to regulate. The questions involve: What kind of government do we want? Do we want one that is completely centralized, in which all taxes are collected, appropriations made and policies determined at the national level? Or do we want to retain local control, with the power to tax and support, over such functions as can be administered effectively by small units of government?

Has local government failed to meet the challenge of a new day? Certainly it has been the victim of public inattention to its operations, problems and potentialities. Let us look at a few facts:

Boundaries. Township and county boundaries are based on arbitrary lines drawn in the 18th and 19th centuries. The growth of social and economic areas had no or little relation to these survey and political boundaries. Also, public interest has shifted to rising cities and villages. These factors are probably most important in accounting for the absence of citizen interest in township and county affairs.

Number of powers. Although the number of local powers has

increased, the magnitude of functions has decreased. For example, much of the assistance program has been shifted to higher levels. Jurisdiction over many miles of local roads has been assigned to the state.

Direct Government. The concept of direct government by the voters at the township level has been largely discarded. The town meeting as presently conducted cannot compete for the public eye and ear with national issues, state elections and the hundreds of local referenda for the multitude of public improvements. The result is a representative local government by, for the most part, an honest, conscientious, underpaid group of officials, but who often have sectional interests, who frequently are subjected to pressure groups and who occasionally have narrow political goals.

Financial control. Financial control has become largely vested in the General Assembly through tax rate limits, referendum requirements, debt limitations and contract restrictions. As more aid is received from federal and state governments for public assistance, for roads, for hospitals and for health control, local control of income and expenditures will lessen.

Any system of financing requires budgets, records and audits. We have these at the local level. However, record and account-keeping lack uniformity, making it confusing to citizens who wish to be informed and extremely difficult for the official or researcher who would

Navy to Recruit Special Company of WAVES in Midwest

Chief Albert Nickelson who is on Navy recruiting duty at the Mokena Post Office every Friday, announces that the bureau of naval personnel has authorized the enlistment of a second special WAVE company comprised of young ladies from parts of the states of Illinois, Michigan, Wisconsin, Indiana, and Iowa on July 30. The special WAVE company will be called the "Chicagoland WAVE company" and will be enlisted in honor of the 15th Anniversary of the WAVES.

Chief Nickelson further stated that now girls from this area can be assured of the opportunity of enlisting together and being assigned to the same company throughout the nine week period of Recruit Training at Bainbridge, Maryland.

like to compare results.

Reforms. Sometimes an indication of success is the number of changes that are proposed for a particular operation, although the exact opposite may be true in political affairs. We

may ask what has been challenged with some reasonable basis in local affairs: First—the assessment of property; second—the building and maintenance of roads and bridges; third—the judicial system.

No major organizational changes have been made since 1870, even though permission to make changes is given by law to the voters. Since powers exercised, one can conclude that our present system is working to the satisfaction of a majority. But this reasoning may be dangerous and a bit too comforting. While local government in Illinois has gained powers and prestige in some areas, it has lost control and public interest in others. Its existence has been and will be questioned.

Mrs. Sherman Knox
Orland Park: Fieldbrook 9-0211

The annual spring luncheon of Orland Park Sr. Woman's club will be held in Valley View Farm restaurant Wednesday, May 15 at 12:30 pm.

The program following luncheon will be presented by Toni Stewart, dramatic reviewer, who will review a current Broadway play. Those desiring transportation should call Mrs. Karl Ekberg.

Third District of Illinois Federation of Woman's clubs held their Annual Day meeting at Ridge Park Fieldhouse, Monday, April 29, Mrs. Howard Bertram, president presiding. The retiring officers and presidents, presented their annual reports. Orland club was represented by their president, Mrs. Karl Ekberg, Mrs. Robert Horn and Mrs. Harry Anderson, Art chairman, with Marialice Richard. Marialice, a student in Orland Elementary school, was presented with the 2nd place Art award in the District, by Mrs. James Bailey, District Art chairman. Other awards presented were Literature and "Oscar for Teachers."

Mrs. Harry Anderson, president of the Woman's Society of Christian Service of the Methodist church and Mrs. Harvey Cooper, secretary and treasurer of the Day circle, attended the annual spring meeting of the Chicago Western district, WSCS Friday, May 3 at Riverside Methodist church. The speaker was Miss Maren Tirsgaard, missionary from India. Election and installation of officers and the pledge service followed the program.

Miss Barbara Lee, daughter of Mr. and Mrs. Paul Voss, Jr. and Mr. Gerald Henry Klotz, son of Mr. and Mrs. Henry Klotz will be united in marriage Saturday May 11, at 5 o'clock in St. Michael's church in Orland. A reception following ceremony will be held in the VFW hall in Mokena.

Mrs. Ross Vondersmith, who has been visiting friends for several weeks in Florida, returned home in Orland last week.

Mrs. Lois Garmon, 9883 West 144th pl., is area chairman for Orland Park for the United Cerebral Palsy drive beginning May 1 and running through May 31, to raise funds to aid the cerebral palsied in the Chicago area.

Mrs. Garmon and co-worker women volunteer fund raisers for cerebral palsy will be honored guests at a final, giant rally and entertainment this afternoon in the auditorium of the Prudential building.

Mrs. Gustie Hallinan entertained her pinocle club last week Tuesday evening.

Mr. and Mrs. John Arnold are being congratulated on the birth of another daughter, Friday, May 3 in St. Francis hospital, Blue Island. The infant weighed 6 pounds 7 ounces and

has been named Jill Therese. Mother and daughter are doing fine and will be home this week.

Carol and Owen Creer spent the "Cleanup" week school-vacation with their daddy and grandmother, Owen and Mrs. James Creer.

The proceeds from the bake sale the Orland Park Woman's club sponsored Saturday at Loebe's store amounted to over \$70. This will go into the Cancer Fund drive, which the club is sponsoring. Many thanks to the donors and purchasers for the wonderful cooperation and to the Loebe brothers for their cooperation.

Debra Lowery, daughter of Mr. and Mrs. James Lowery of Sayre ave., celebrated her first birthday Sunday.

Mr. and Mrs. Donald Freed and daughters of Wauwatosa, Ind., were Sunday dinner guests of his brother and family, Mr. and Mrs. George Freed.

Donald Paul Nielsen, son of Mr. and Mrs. Paul Nielson, celebrated his fifth birthday Saturday afternoon, May 4. Ten of his little friends helped him celebrate the occasion.

Mrs. Evelyn Olsen gave a bridal shower for Patricia Smith in the Legion hall April 28. Many lovely gifts were received. There were 35 guests present.

Mrs. Ervin Schenk and daughters, Cheryl and Shelley of West Bend, Wis., are houseguests of Mr. and Mrs. Russell Draves.

Mr. and Mrs. Rosario Cosent are being congratulated on the birth of a grandson who was born April 28 in the Lawrence General hospital, Lawrence, Mass. He has been named Anthony Rosario. The father has not seen his son as he is stationed in the British West Indies.

HOMER

Lockport, Ill.
Telephone Lockport 1387M

The Good Luck Camp of Royal Neighbors will meet in the Homer church Thursday afternoon, May 16, with Mrs. Ida Dally, Mrs. Francis Kolar, Miss Ida Harrington and Mrs. Emma Weaver as hostesses.

Among those whose names are on the honor roll for the past six weeks at Lockport high school are these Homer people: Judy Osborne, Ruth Benck, Susanne Burcham, Cheryl Sass, Shirley Smith, Betty Anderson, Janet Blazevich, Sandra Cagwin, George Hallis, Ralph Larsen, Alma Lauffer, Wayne Parker.

Building permits for four new homes and a water treatment building in Homer township have been issued during the past two weeks. Commonwealth Edison will erect the industrial building, 20 by 25 feet, at 143rd St. and Bell Rd. at a cost of \$4000. Charles E. Cook will build a 6 room frame home on the north side of Rte. 7 near Homer rd., J. Short of Midlothian is building a 4 room frame on King rd., near 143rd st., Leonard Hanna, Sr. of Downers Grove is planning a 5 room brick house on Spring Creek rd. and Charles Seiler, 141st St. and 4A, will erect a 4 room frame home.

North Cedar road on the south side of the twp. and also a part of Homer rd. is being cleared of trees and brush ready for the new hard road to be built which will connect Rte. 6 with 159th st. The bridge over Spring creek is still waiting for the water to subside before building can be done, so detouring has become a habit with the nearby residents.

Local schools observed "step up" day Friday, when eight grade pupils visited Lockport High and six year olds were visitors in the school district in which they live.

John Reiter, Jr. who has recently been discharged from the armed forces, has returned to the home of his parents, Mr. and Mrs. John Reiter, Bruce rd. where, with his wife and small daughter, Roseanna, they will make their home for the present.

Reed L. Burch spent a few days last week with his parents Mr. and Mrs. Reed Burch, on his way back to Seattle from a testing trip to Boston for the Boeing Co.

Mrs. Ruby Gougar of Joliet, Miss Grace Lynn and Mrs. Carrie Ott were guests of the Wayside Workers at the meeting in the home of Mrs. Clara Kettering last Thursday. A plant sale was a special feature of the day.

About 80 women attended the luncheon at Homer church Friday noon. Mrs. Roy Parker was chairman of the luncheon committee and she was assisted by Mrs. Guy Bump, Mrs. Wrey White, Mrs. Bruce Anderson, Mrs. Eugene Anderson and Mrs. George Burcham. Several others did cooking and baking in their homes. Table decorations

were African violets supplied by Mrs. Reed Burch.

Guests were members of the Women's Council of Lockport and neighboring churches. An educational film was shown by Walter Nelson of Lockport.

Mr. and Mrs. John Hollister are the parents of a son born Saturday, May 4 in Silver Cross hospital.

Play Day for the seventh and eighth grade pupils of local schools was enjoyed Monday afternoon at Highland Park. Among the amusements were tug of war, relay races, dodge ball and soft ball games. The teachers accompanied the pupils to the park and the younger grades were dismissed for the afternoon.

Hadley school pupils, teachers and several mothers travelled to Chicago via chartered bus May 8 where they visited the Cracker Jack company and China town. They lunched at a Chinese restaurant. The bus was furnished by the local Mothers' club.

The auction sponsored by the Homer Men's club Saturday evening at the Otto Konow farm was an enjoyable as well as a profitable venture. More than \$700 was added to the treasury of the organization. Otto donated the use of a new tool shed and stoves for heating lunch. Ed Schmedeke of Orland gave his valuable services as auctioneer; the C.A.C. ladies served the lunch, and many fine donations came in from all sections of the community, all of which sold well. The high cost of living was disregarded when some hungry man paid \$2 for a loaf of home made bread.

Friends and neighbors were shocked to learn of the sudden death of William J. Roberts last Thursday morning, at his home on East Seventh st., Homer twp. Although he had been unable to work since a railroad accident about five years ago, he was not known to be a heart victim, which apparently caused his death.

He was born at Chariton, Ia., March 20, 1902 and has lived in the Joliet and Homer areas for 34 years. He was an E&E employee until he was injured while at work.

He is survived by his wife, Frances (nee Eastabrook); a step son, Kenneth Scott of Mt. Morris; his mother, Betty F. Roberts; one sister, Mrs. Bessie Roberts of Portland, Ore.; one brother, John L. Roberts of Chariton; two grandchildren and several nieces and nephews.

Mr. Roberts was a member of Lockport lodge No. 538 AF&AM, the Scottish Rite bodies Valley of Chicago; the Shrine, (Medinah Temple) of Chicago; a past patron of the Sarah D. Moon chapter of the Order of Eastern Star, and also of the Joliet local Brotherhood of Locomotive Firemen and Engineers.

A training school will be held in the Methodist parsonage for the teachers of the daily vacation bible school this Friday and Saturday evening.

The Youth Fellowship of St. John's Evangelical and Reformed church, North Peotone, will meet May 16 in the church. A panel discussion will be featured with the topic announced later. The confirmation class will be honored as new members. Hosts will be the Rev. and Mrs. Ernest Gander.

Mr. and Mrs. Edward Sjostedt and Mr. and Mrs. John Lauritzen and family, Chicago; Mr. and Mrs. Harold Ebert and Mrs. Mary Lorenzen of Frankfort, were dinner and supper guests of Mr. and Mrs. Norman Lorenzen.

Mr. and Mrs. Wayne Krapf and family spent Sunday with Mr. and Mrs. Thomas Henely and daughter Patricia at Wonder Lake.

Miss Ida Schumacker and brothers Walter and Otto attended the funeral of Mrs. Gilbert Lacey at Downers Grove Monday.

Mr. and Mrs. Andrew Swanberg and Mr. and Mrs. Jack Nordell of Mokena attended the funeral of the former's uncle, August Nelson, held in Chicago Saturday.

Mrs. Clifford Christiansen and daughter of Manhattan and Mrs. Jack Nordell and family of Mokena were Sunday supper guests of Mr. and Mrs. Andrew Swanberg.

The MYF of the Methodist church enjoyed a potluck supper Tuesday evening in the church parlors. Miss Beverly Bettenhausen presided at the business meeting following.

Mother-Daughter Banquet

The roll call of mothers attending the Mother and Daughter banquet in the Methodist church last week, revealed the oldest mother present was Mrs. Anna Whorral, 87, of Joliet. Mothers over 75 years old were Mrs. Christiana Krapf and Mrs. Mary Bettenhausen. Mrs. David Dralle was the youngest mother and Hollie Dee Vautrin, the youngest daughter. Mothers traveling the greatest distance to attend the banquet were Mrs. Fred Gill, Mrs. Joe Gallagher, of Plainfield; and Mrs. Henry Kroll, of Kankakee. Holding the record for the mother of the

greatest number of daughters was Mrs. Gilbert Schmuhl with five. Mrs. Leroy Bettenhausen, Mrs. Ervin Burmeister, Mrs. Fred Diment, Mrs. Emil Rob, Mrs. Harold Ullrich, and Mrs. Lewis Sines, had the most daughters in attendance.

Three generations consisting of Mrs. Gehrman, her daughter and granddaughter, also Mrs. Emil Rob, her two daughters and two granddaughters were present. Other three generations in attendance were Mrs. Gilbert Schmuhl, her daughter and two granddaughters; Mrs. Albert Steinberg, a daughter and granddaughter; and Mrs. William Wanner, a daughter and granddaughter.

Four generations consisting of Mrs. Everett Platt, her daughter Mrs. Alfred Krapf, granddaughter Mrs. Kenneth Heisner; and Kathleen Heisner, great-granddaughter.

Serving as toastmistress was Mrs. Alfred Krapf. Guest speaker was Mrs. Lloyd Coleman, of Chicago.

Taking part in the program

were Mesdames Stewart Vanderbilt, Clarence Johnson, Norman Krapf, Darlene Diment, Evelyn June Diment, Carol Davis, Carol Ullrich, Nancy Steinberg, Janet Johnson, Beverly Bettenhausen, and Robert Davis.

The First Marine Aircraft Wing was commissioned on July 7, 1941 at Quantico, Va. This was the first wing in the history of Marine Corps aviation.

Mrs. Perry Pratt will be the speaker at the next Womans guild meeting Thursday night at 8 o'clock in the home of Mrs. A. D. Miller. Mrs. William Penn will be co-hostess.

Thirty eight people from New Lenox, Mokena and Joliet went to the Aragon ballroom in Chicago Saturday night representing the Minuth Studio of Dance of New Lenox.

Twenty five of the group were members of the Tip Top Teens dancing club, and their guests.

Adult chaperons for the group were Mr. and Mrs. Sam Carr, Mr. and Mrs. Fred Feil, Mr. and Mrs. Robert Glenn, Mr. and Mrs. William Minuth, Mr. and Mrs. Robert Schutte, Mrs. Kay Richardson, and Miss Daugherty and her fiancé. The group was welcomed by Andrew Karzac Jr., who manages the ballroom.

The Teens will have three more meetings to finish the season, one of which will be a contest, and the last, a party or special event, finishing up the third Saturday in June.

Sixteen students of the Minuth Studio of Dance performed Sunday at the Club Martinique at 95th and Western ave.

They were, Calypso acrobatic, Darlene Minuth, Dolores Seal, Joyce Seal, Carol Mueller and Marlene Stenger.

Tap duet, Dotte and Sally Gardiner; Turkish style, Jackie Fordonski; new jazz acrobatic, Diane Steinmetz, and Gayle Schmitz. Fast tap by Todd Minuth, and Geraldine Munch. The last number was a French Can Can by Regina Stanger, Dolores Seal, Gayle Schmitz, Verda Schanz, Jackie Fordonski, and Pamela Clark.

They performed as a part of a special kiddie matinee. The dancing studio term ends June 8. July 10 several students will perform at Dwight hospital for the veterans. The adult ballroom class will finish in June and will go to the Rhythm barn for an evening's entertainment.

Timber of Shady Acres (Danny) red and white cocker spaniel owned by Mr. and Mrs. E. C. Olsen of New Lenox, scored 190 points out of a possible 200 points at the Decatur, Ill. obedience trials Sunday. Danny has already received his C. D. title and is now set for his C.D.X. title.

The Friendly Neighbors club will meet for a 12:30 luncheon Thursday, May 9, at the home of Mrs. Frances Kodat, on Francis road.

At the Get Acquainted tea

served by members of the Womans League of Trinity Lutheran church last week, the honored guests were: Mrs. Irene Belanger, Mrs. Sherry Davis, Mrs. Gladys Dusek, Mrs. Bertha Landahl, Mrs. Evelyn Roberson and Mrs. Mildred Schultz. Hostesses were Mrs. Muriel Peterson, Mrs. Burnetta Piersing, and Mrs. Gertrude Wennlund.

The Womans League of Trinity Lutheran church will sponsor a Bakery sale Saturday, May 11 starting at 10 am. The sale will be held in the store formerly occupied by the This and That shop. Sale committee members are Mrs. Selma Benck, Mrs. Evelyn Bowman, Mrs. Thora Rydberg, and Mrs. Margene Zarse.

The local PTA is extending a special invitation to all 8th graders and their parents to attend the next PTA meeting on May 14. The program will be furnished by Lincoln Way High school and will particularly emphasize some of the freshmen year activities.

Band Concert

The annual New Lenox grade school band concert was presented Sunday afternoon in the Haven school auditorium, with band master, Charles Ursitti, directing.

The program was: Part 1, by the "B" band members who played so well that those attending were amazed at how well they performed as the band was started less than three months ago. Part 2: "Marines Hymn," a drum solo, Tom Connelly; "Gladiator," a cornet solo, Donna Hussey; "Two Little Stars," cornet duet by Dale Anderson and Donna Hussey. These last three numbers were by the State champions.

Part 3. The "A" band. "Mexican Folk Dance," Robert Powers; "Thanks be to Thee," Handle, Houseknecht; "Three Gates of Gold," Frankiser; "Bo-

lero Non", Kurtz; "Deep River and Mary Ann Wondrasek. They Rhapsody," Weber; "Flyer," held a procession in which the Walters; "Pacific Grandeur", Olivadoti; "March on America" Waters. A very large crowd attended the concert.

William Wilson was toastmaster at the Ladies Night dinner meeting and installation of officers, of the New Lenox Toastmasters club held Monday nite, in the Methodist church.

John Burlingame was topic master; and speakers were: William Clark, William Heide- rick, Kenneth Mills and Ronald Whitaker. Lester Brown was the Master evaluator, and evaluators were Earl Moss, Stanely Gilmore, Ernest Hoefer and John Minion. David Bruns was timekeeper, and Kenneth Tauber had the invocation and benediction.

Thirteen eighth grade students of St. Jude's joined St. Mary's, Mokena eighth graders for a three day retreat at Mokena. Father Servace Ritter, OFM was the retreatmaster and gave the group very inspiring and practical lectures designed to help and guide them to become better citizens for heaven and their country. The students were happy to have had the privilege to attend the retreat.

St. Jukes began the month of May with a public devotion called "The May Crowning." A crown was placed on the Statue of the Blessed Mother by the May Queen, proclaiming the Blessed Virgin, Queen of Heaven and Earth. The participants were Judy Henry as queen, with Gail Knowles and Donna McCollum, attendants. The maids of honor were, Kay McCure, Carol Spector, Susan McCowan

In October, the telephone company plan to install one and two party lines in this area and take out our familiar eight party line. In a way I believe it will be missed for most of us will no longer receive calls from more than one neighbor at a time and it is fun to have a three way conversation when there is a mixup and more than one party answers a ring. Also won't you miss having people call and say reproachfully, "I've been trying to reach you all morning!"

Kennie Eckel celebrated his 5th birthday May 2 with a party in his home. Nine pre-school age children and their mothers were present to help make the party a huge success.

Belated birthday wishes to Mrs. Karre who celebrated her birthday in April to Mrs. Eckel whose birth date was April 30, and to Mrs. Militello who celebrated her birthday on May 2.

Last Wednesday Mrs. Henry Anderson and Mrs. Robert Anderson were guests of their mo-

ther in law, Mrs. Mamie Anderson at the Home Bureau's salad luncheon at the Foundation Center in Palos Park.

If you need an upholstering job done you have only to ask your neighbors "Georgia" or "Ruth" for help. These girls are experienced now!

Believe it or not the sun was out bright and so were our workers at the small pond last Sunday afternoon. The center of the pond is on its way to becoming a lovely beauty spot now that the Beautification committee has taken over and the fellows have given them a hand on getting rid of unwanted trees and underbrush.

Mr. and Mrs. Robert Hunter, parents of Mrs. Anderson, have returned from three weeks vacation in Houston, Texas and south of the border in Mexico. The Hunters arrived home Friday and had dinner with the Andersons. In the evening the families visited with the Wm. Donohues in their new home. Mrs. Donohue Sr. and Mrs. Hunter are neighbors.

Mr. and Mrs. Diekman have been spending their evenings visiting the site of their new home. The rain of the past week had them busy pumping water from their foundation in the evening.

Mr. and Mrs. John Tabbert left for Sarasota, Fla. last Sunday afternoon and will be gone for six months. Mr. and Mrs. Robison and daughter will stay there and take care of the Tabberts home while they are away. Mrs. Robison is Mr. and Mrs. Tabberts daughter.

Glad to see Janine Nelson is over her sick spell which kept her out of school all last week.

Mrs. Gordon Bendix was sworn in as new PTA vice president at the Orland Park school last Wednesday evening. Mrs. Hans Bader will be the new president.

Have you heard Mrs. Hegyi is now taking mud baths in the side yard? It seems she was moving a pump and lost her balance and toppled into the mud hole at the side of the house. We didn't get to see her but Mrs. McBride did and it's said she came up laughing.

The parents of school children owe Mrs. Yomans of Palos Highlands a vote of thanks. Mrs. Yomans who is a den mother, for the Cub Scouts, has been responsible for getting police protection at 135th street while the children are getting on the bus in the morning as motorists don't seem to realize there are any but themselves along the road in the early morning hours. Through her efforts 45 mile an hour signs are to be posted on 135th st. There are no signs at all there now. She called the state police for help in slowing the speeding traffic and Roy Benson of Orland Park, upon hearing of her plight, called her and offered his services. Three subdivisions have school bus stops at 135th. They are Palos Highlands, Laguna Woods and Orland Hills.

Open Bids on Toll Highway In S.W. Area

(CNS) Illinois toll highway commission has opened bids for constructing a 5.01 mile strip of tollway south and west of Harvey. This section of tollway extends from the west edge of the Illinois Central railroad's freight yards at Markham to a point northwest of the junction of Kedzie and 147th street.

The apparent low bid of \$8,371,041 was submitted in a joint venture of Condon Cunningham Co., Peter Kiewit Sons Co., and Paschen Contractors, Inc., Omaha, Neb. Four bids, the highest \$8,848,682, were received.

The work involves a half cloverleaf interchange with two access ramps at 159th st., two access ramps at Dixie highway, a toll plaza just north of 167th st., and seven pre cast concrete bridges.

The structures will carry George Brennan highway, 159th st., 167th st., and a relocated 170th street over the tollway and the tollway over Dixie highway, 147th st., and Kedzie avenue.

Women Voters League Seeks More Members

The next pre-organizational meeting of the League of Women Voters will be held at 8 pm. Thursday, May 16 in the Tinley Park school lunchroom.

At the first such meeting last week, June Balkar was named chairman of a temporary committee consisting of the following volunteers: Mrs. Jessie Blitvich, Mrs. Barbara Reed, Mrs. Neekyna Dykstra, and Mrs. Joan Zimmerman.

This temporary committee will organize committees to handle publicity, membership, and a nominating committee, to lay the groundwork of establishing a League of Women Voters in Tinley Park.

There were 33 women at the first pre-organizational meeting last week and 20 more who could not attend, have signified an interest in a local league.

Next week the League of Women Voters will hold their state convention in Chicago, which may be attended by some of the local organizers.

The organization was formed in 1920, an outgrowth of the National American Woman Suffrage Association, who after winning the right to vote, wished to understand its principles.

The League, a spokesman says is a nonpartisan organization which works to inform the electorate, to increase citizen participation in government, so that many laws in the public interest will be enacted.

Forest Preserve Files Suit to Get 40-Acre Tract

(CNS) Forest preserve district has filed a condemnation suit in Circuit court to acquire about 40 acres on the south side of 135th street and about 1/2 mile west of Harlem.

The suit named Carl Schumacher owner of the property, and said the parties concerned have been unable to reach an agreement upon a fair price for the land. The suit asked the court to do this.

Business and Finance

Maurice P. Angland

During the Congressional discussion of the budget, we heard from many head lines in the newspapers, hours of time on the radio and television, that inflation was finally going to be brought under control.

As cynics expected, the clamor for tax reduction and concrete steps toward control of inflation, has died down. As students of economics know, the constant erosion of the purchasing power of monetary units, has been going on since the invention of money as a medium of exchange. As said before, the only time this constant lowering of purchasing power of the dollar has been reversed, is in periods of recession or depression and they are of comparatively short duration.

The 1957 stock market performance indicates that good stock are strongly held and that the investor is impressed with promising long-term prospects and satisfactory dividend return on his holdings. Obviously the threat of more inflation has had greater influence than the soft spots in the economy.

Long term investors have persistently refused to be dislodged from their holdings in any substantial degree. Further erosion

of dollar purchasing power keeps many investors in common stocks rather than fixed dollar obligations. As to this point, the department of labor has announced that the cost of living index has shot to a record high in March for the seventh straight month. Cost of Living Index has risen 3.7 per cent in the past year. The March rise will mean automatic pay boosts of three cents per hour for about a million railway workers and the same or lesser amounts in other industries where wage contracts contain escalator clauses based on cost of living index.

More and more investors are coming to an understanding of the big difference between saving of 'purchasing power' rather than mere saving of dollars as a bookkeeping symbol. Fixed dollar obligations as bonds, savings accounts, etc. have been waging a losing battle with the constant erosion of the purchasing power of the dollar. The average of common stocks listed on the New York Stock Exchange has more than kept abreast of this erosion of purchasing power. This is hardly surprising since these common stocks represent ownership of leading corporations whose inventions and machines of production will closely follow purchasing power values.

Some of our political leaders make the head lines with ideas that may be good vote appeal but are bad economics. The two leaders of the houses of representatives, Republican leader Martin and Speaker Sam Rayburn have announced they are both lined up for a tax reduction drive to cut taxes effective January first. Mr. Martin said he favored reduction in both personal and business levies. He said "such a reduction will not only provide a shot in the arm to our economy but will stimulate increased tax revenues for continued business expansion."

The economy is hardly in need of a "shot in the arm". The Federal Reserve board is intent on keeping a firm control to avoid too great inflationary advances. Advocates of tax cuts now are completely oblivious to the rise in Cost of Living Index.

Cub Pack 272 Gets Awards At Tinley Park

The April meeting of Cub Scout Pack 272, sponsored by the Veterans of Foreign Wars, Post 2791 of Tinley Park, was held in the public school. Cubmaster Charles E. Moore

presented the following awards: Wolf badges to John Collen, Terry Reed, Robert Noak, John Noak, James Weidner, David Murray, Martin Schissler, Michael Schissler and David DeCoste.

Bear badges: James Weidner, David Bowman and Thomas Gross.

Lion badges: John Naughton, James Dilks and Thomas Murray. Gold Arrows: David DeCoste, Richard Johnson, Patrick Paul, Thomas Sanders, Terry Reed, John Collen, James Weidner, David Bowman and Michael Pierce.

Silver arrow: Charles E. Moore, Richard Johnson, Patrick Paul (2), and Donald Morris.

Three boys obtained the high est award in Cub Scouting that of the Webelos badges. They are Richard Behrens, John Schooley and Benton Meyer.

All were happy to have A. Albert, Scoutmaster of troop 255 present. He welcomed the following boys who graduated from Cub Scouts into his troop: John Schooley, Richard Behrens, Benton Meyer and Michael Pierce.

During the past month the Cubs and their fathers made model racers which were entered into the main event of the pack meeting, "The Pinewood Derby."

Winners were Den 1, David DeCoste; Den 2, Harry Lunde; Den 3, David Murray; Den 4, James Weidner; Den 5, James Ebell; Den 6, Roger Barton; Den 7, Michael Pierce; Den 8, Timothy Anast; Den 9, Richard Brown; Den 10, Peter Tworek; Webelos Den, Benton Meyer.

The Pack champion was Peter Tworek of Den 10. He was presented with a pennant for his den.

The racing ramp was made by Mr. Z. Blitvich of the pack committee. In all there was about 75 Cub Scouts racing their cars. Boys who will represent Pack 272 in the Potawattomi district Pinewood Derby finals on May 11, at Harvey are: Roger Hayes, David DeCoste, Harry Lunde, David Murray, James Weidner, James Ebell, Roger Barton, Robert Gloster, Timothy Anast, Richard Brown and Peter Tworek.

Indict Hometown Man in Alleged 'Kickback' Case

(CNS) A Hometown resident was indicted by the federal grand jury last week on a charge of receiving \$1,115 in illegal "kickbacks" from the overtime wages of four laborer under his supervision in the construction of a \$12,785,000 Chicago Housing Authority project at 35th and State streets, extending to the Rock Island tracks.

He is Edward J. Quinn, 48 years old, 4243 West 90th place,

who was labor supervisor for James McHugh Construction Co. of 6449 South Park, which holds the contract jointly with C. E. Youngdahl Co., Inc., of New York.

Those who allegedly paid him the money to keep working and the amounts were: LeRoy Eric Hansen, 12828 Elazibeth, Calumet Park; \$100 in seven weeks; Charles R. Glissman, 47 S. Maplewood, \$250 in ten weeks; Emil Stenbach, 3419 S. Justine, \$250 in 10 weeks; and Lee E. Sanders, of Henning, Tenn., \$750 in 31 weeks.

The minimum pay of a laborer under federal rules requiring "prevailing" rates, was \$2.57.5 an hour, and those who gave Quinn kickbacks earned up to \$237 a week as a result of overtime, according to Assistant U. S. Attorney Harry D. Strouse.

Read Isaiah 55:6-113.
Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon. (Isaiah 55:7.)

Many years ago a man of bad reputation lived in our rural community. His neighbors had good reason to doubt his uprightness. He did an unusual thing. He sewed to the outer garment on his back a white cross, which he thereafter wore.

His youthful nephew said to him: "Uncle, I've heard of the thief on the cross, but I never before saw a cross on a thief."

A sacred symbol used falsely deceives neither God nor the person himself. Unless what we see from day to day confirms our Christian profession, our lives are out of harmony with the eternal God.

Hypocrisy, deceit, and sham were disdained by our Lord, for they have no place in the gospel of brotherly love. In its noblest meaning, character is Christlike. The cross symbolizes the finest in our Christian religion—God's gift of love revealed to mankind!

PRAYER

Our Father, we thank Thee for making known to us the truth that our discipleship demands proof in the way we live. Cleanse us of hypocrisy, deceit, and sham. Help us to develop Christlike character. In His name we ask it. Amen.

THOUGHT FOR THE DAY

Discipleship demands that I be in accord with the will of the infinite God.

CHRISTIAN SCIENCE CHURCHES

The true status of man, created in the perfect image and likeness of God's Spirit, will be set forth at Christian Science services Sunday in the Lesson-Sermon entitled "Adam and Fallen Man."

Luke's account of one of Christ Jesus' healings will be included in the Scriptural readings (Luke 5:12, 13): "And it came to pass, when he was in a certain city behold a man full of leprosy: who seeing Jesus fell on his face, and besought him, saying, Lord, if thou wilt, thou canst make me clean. And he put forth his hand, and touched him, saying, I will: be thou leprosy departed from him."

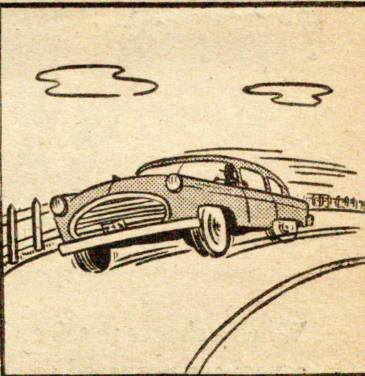

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read (259:6-11): "The divine nature was best expressed in Christ Jesus, who threw upon mortals the truer reflection of God and lifted their lives higher than their poor thought-models would allow - thoughts which presented man as fallen, sick, sinning, and dying."

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

Too often motorists attempt to maneuver their vehicles around curves at speeds which endanger not only themselves but others as well.

When a motorist approaches a roadside sign indicating that he is about to come to a curve, he should reduce his speed. Curve signs, of the warning sign series, are diamond-shaped. They are yellow signs with black lettering. The curve signs are posted at turns, curves, reverse curves, and sections having winding roads. Almost all curve or turn signs have an advisory speed posted under them. This advisory speed indicates the maximum safe speed which is approximately the critical speed. Motorists should remember that if they exceed the advisory speeds on curves they are breaking a natural law, not a man-made law.

Evidence of the fact that some motorists failed to heed warnings of curves is given by the sight of frequently battered guard rails. One can easily imagine what disaster would have resulted had there been no guard rail or had the motorist been traveling at an even higher rate of speed. We can avoid accidents at curves if we are always on the alert for curves and if we observe the signs and lower the speed of our vehicle so that we travel at or below the advisory speed for the curve.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Science Program

The science and math teachers of the seven schools which comprise the Southwest Suburban Conference, have decided upon a new way to try to encourage students to pursue a science or mathematics career. This unique venture, will be both an exhibit of science projects and an opportunity to hear from top men in science related fields, in short a symposium.

Ten people from each school in the conference will exhibit their projects the night of May 14, 1957, at Rich high school in Park Forest. In the afternoon, preceding the exhibiting, these seventy students will meet in small groups, presenting papers describing their particular science field of interest; then they will have dinner and see a team of demonstrators from Argonne National Laboratory. The remainder of the evening will find the exhibits open to the general public, with the high light of the evening being addresses by leading men of science.

The science students from Carl Sandburg high school that will exhibit projects are the state winners, Nancy Cairnes, Owen White, Bob Stellwagen, Bruce Deardorff, Keith Kappel and Jim Hillman. These people will be joined by the following Sandburg Science Fair winners; Wilma Maue, Larry McBurney, Joseph Simaitis, Bob Serson and Stan Faiz.

The science and math teachers and the superintendents of the Southwest Suburban Conference hope that by sharing common problems in the scientific areas, the students will be sufficiently motivated to make the symposium an annual event.

Projects Rate High

All five Science Projects from Sandburg High school received very high ratings at the Annual Junior Academy of Science State Science Fair held on the campus of Illinois State Normal university, the weekend of May 3 and 4.

The very highest award presented at this meeting is Outstanding, and Nancy Cairnes, Palos Park, a senior physics student at Sandburg, received this award for her project "Talking With Light". Nancy has been a straight A student in Science for her four years at Sandburg, and plans to pursue a Science career in college.

First place, was awarded to Robert Stellwagen, a sophomore from Orland Park, for his project "Insect Anatomy." Robert also received the top honor at the Sandburg Science Fair this year.

Second place was awarded to Owen White, Palos Park, a senior physics student, for his project "Road Construction." Bruce Deardorff, Palos Heights, a freshman, for his project "An Atomic Reactor"; and also receiving second honors were two senior physics students, working together on the project "Small Arms and Ammunition", Keith Kappel and Jim Hillman, both from Palos Heights.

Keith Kappel and Jim Hillman, both from Palos Heights.

Accompanying the group to Normal were Mr. and Mrs. D. J. Hopkins, and Carol Glowacki, a senior at Sandburg who is the chemistry laboratory assistant. Mr. Hopkins served as assistant chairman of judging for the state meeting.

A final tabulation of the state meeting showed a total of 915 Science projects being exhibited, by students from over 200 high schools in the state.

Small budgets love big Fords

You don't have to be rich to enjoy fine-car luxury. The new kind of Ford is America's lowest-priced* big car... yet it offers the beauty, V-8 GO and luxury ride of cars costing far more!

If you love big-car performance you'll love our '57 Ford.

If you love *thrift* you'll love our '57 Ford.

No car ever before has offered such perfect blending of big-car luxury and small-car price.

Once you take the wheel, you'll discover how the "Inner Ford" gives you the kind of ride you have experienced before only in cars costing far more. You'll find its advanced-

design chassis and lower center of gravity let it corner as if it were on rails... that its engine is as responsive and nimble as a polo pony. Six or V-8 the going is great!

But even though this Ford handles like an expensive car, it's still priced Ford-low. In fact, model for model right across the board, the 1957 Ford is the *lowest* priced of the low-price three!

Ford is worth more at trade-in time. And when you go to trade your Ford, you'll find Ford's traditionally high resale value makes it worth more at that time, too.

Why not come in and Action Test this fun-lovin', budget-lovin' Ford? Why not come in and see it today?

The new kind of

Chemical Society Makes Annual Awards to Young Science Students

The Joliet section of the American Chemical Society announced today, thru its student activities chairman, Dr. Leonard L. Katzin, the winners of its second annual senior science student awards. These awards are given to the graduating senior in each of the participating high schools who has the best record in science work. The student, selected by the school, must have had at least three courses in science, three courses in mathematics, and three years of English. Emphasis is also put on originality, independence of thought, and ability to solve problems.

The award winners receive prizes and certificates, and their names are inscribed on a permanent plaque which is exhibited at the school. They are also invited to the annual banquet of the Joliet section, which this year is to be held at the Joliet Country club on May 18.

In its first year, the award program was restricted to Will county schools. This year it has been extended to Grundy and Kankakee counties. Fourteen high schools are represented by award winners. The territory covered by the membership of the Joliet section includes all or parts of six counties.

The 1957 award winners and their schools are the following: Crete-Monee high, Neil W. Marting, Crete; Gardner-So. Wilmington high, William Huston, Braceville; Herscher high, Richard Hengl, RFD No. 1, Kankakee; Joliet Catholic high, Raymond G. Orenic, Joliet; Joliet township high, Miss Virginia Whitley, Joliet; Kankakee Sr. high, Lawrence Johnson, Kankakee; Lincoln-Way, Allan Magner, Frankfort; Lockport high, William A. Kapella, RFD No. 2, Lockport; Mazon high, Stewart Warwick, Verona; Peotone high, Steven Stilwell, Manhattan; Plainfield high, Wilbur Leffers, Plainfield; Reed-Custer high, John R. Graham, Braidwood; St. Francis academy, Miss Carol McDonnell, Joliet; Wilmington-Lorenzo high, Miss Doris Benson, Wilmington.

In 1861 there were two presidents in the United States—Lincoln in the North and Jefferson Davis in the South.

Pack Meet

Cub Scout Pack 41 of Lincolnwood met recently in the Schmuhl school. Dr. Ralph Wright of Lincoln-Way High school showed colored slides of Japan, and some cartoons.

Two awards were given. Randy Konkel received the Wolf Silver arrow, and Eddie Meyers, the Lion Silver arrow.

During the planning meeting, the month's activities for the boys were made, in keeping with the theme for the month, "Cub Scout Firemen". Plans were also made to hold an outdoor meeting and supper at Van Horn woods Tuesday evening, May 28. Hostesses for the eve-
